

FOUR MOTORS AND NOT AN ACCIDENT

They Finished Almost Abreast, Making a Race Which Will Stand.

RECORDS GO GLIMMERING.

"Mac" Lowers World's Time on Three Mile Open Lap and Cereb, State Half Mile Amateur.

With a sensational finish to the five-mile motor paced race, two or three, what looked to be, bad tumbles, and good nifty riding all through, the bicycle fans at the Salt Palace last night had a most satisfying evening. The motor race will go down into history, for never has there been a prettier finish. Samuelson, Jenkins, Wilcox, and DeMara came around on the bell lap almost abreast. The crowd roared and cheered for every rider. The crowd rose to its feet and made the valley ring with cheers for every rider. There was such a large bunch of prospective amateurs that the first event on the card had to be run in trial heats to qualify. This was the mile novice. The youngsters showed good headwork in their efforts to draw down the \$9 gold medal. Calvin rode himself into position as an amateur rider. The crowd roared and cheered for every rider. The crowd rose to its feet and made the valley ring with cheers for every rider.

SEATS SELLING HEAVILY

Biggest Crowd in History of Bicycling Anticipated at Monster Hopper Benefit Meet.

From all indications the attendance at the Hopper benefit meet, Tuesday evening, July 21, will surpass anything ever recorded for the Salt Palace. In the neighborhood of 5,000 tickets have been placed for sale at cigar and business stores about town and all report brisk sales. In fact, it begins to look as if the proceeds will have to turn out a second batch. Reserved seats, grandstands and general admissions are selling fast. The Hopper benefit meet is a most interesting and profitable one for the riders. It was first mentioned, to be truthful, a certain bicycle fan and all around live citizen telephoned for 25 reserved seats to be saved for him "whenever the benefit happened." This is but one of numerous illustrations of the demand for the cardboards.

Bicycle riders and track athletes are buying reserved seats for their wives, families and friends for the riders are not only demonstrating their ability to make the meet a racing and financial success, but are buying their own way into the track. The riders who are paying their trainers' admissions. Not a pass will be good on benefit night for there isn't a person connected with the meet who isn't paying just as everyone will have to do. The races will be the best ever—the unlimited international pursuit is being discussed all over town and this one event would draw the famous crowd of the fourth of July, against foreigners, to start on opposite sides of the track, sounds fine, and because the two hitches will be the best riders in the world, the contest will be better than it sounds, even. The crowd of events are away about gratifyingly good also.

POOR IVER LAWSON! HE CAN'T RIDE THIS YEAR

Poor Iver Lawson. The hoodoo man surely selected him as his victim. After being unable to ride all summer on account of a broken ankle, sustained in the east, Lawson fell in the fourth of July, and broke his shoulder blade. The attending physicians now find he will be unable to ride again this year. It appears that in addition to suffering from an injured shoulder blade, Lawson is suffering from a slight concussion of the brain, resulting from his fall upon the track. It was not dreamed the world's fastest rider was so easily hurt, but it has been learned he was in a bad way last week. His recovery is assured but it will be slow in coming, now say the doctors.

OGDEN BOUT, JULY 28.

From Fight Promoter Guley up in Ogden comes the announcement that the Dalton-Thompson bout has been dated for July 28. It was scheduled for July 27, but owing to difficulty in arranging train service out of Salt Lake on the 27th, a postponement of one day was made. Jim Jeffries, retired champion of the world, helped out here yesterday. Johnny to sleep, Jeffries thinks so, a thousand dollars worth, he wired Dalton, but owing to difficulty in arranging train service out of Salt Lake on the 27th, a postponement of one day was made. Washington, July 14.—St. Louis lost the fourth game of the series today, 7 to 4. Score: R. H. E. Washington, 7 14 4; St. Louis, 4 6 2. Batteries—Cates and Street; Waddell, Petty and Spencer.

Boston, July 14.—Cobb's triple with two on bases in the eighth gave Detroit a lead and after Boston tied the score in the ninth, Schaefer's three-bagger, a sacrifice and Cobb's home run won today's game for the visitors, 5 to 3. Score: R. H. E. Boston, 5 13 1; Detroit, 3 6 1. Batteries—Mullin and Schmidt; Winter, Criger and Carrigan.

New York, July 14.—Cleveland-New York game, postponed, rain.

NORTHWESTERN LEAGUE.

Spokane, July 14.—Spokane today won the first of the series with Tacoma. The game has been protested by Captain Lynch, who claims that the third base was even with the rest of the diamond. Score: R. H. E. Spokane, 5 10 0; Tacoma, 2 5 4. Batteries—Butler and Shea; Wright and Rogers.

Seattle, July 14.—Seattle took today's game from Vancouver, 3 to 2. Score: R. H. E. Seattle, 3 10 0; Vancouver, 2 5 4. Batteries—Rush and Metz; Engle and Sugden.

Butte, Mont., July 14.—Aberdeen's hitting and errors on the part of Butte combined to defeat the local team. Score: R. H. E. Butte, 5 10 0; Aberdeen, 2 5 4. Batteries—Cliffin and Bender; Umpire—Ehret.

PACIFIC LEAGUE.

Oakland, Cal., July 14.—San Francisco won from Oakland by a score of 12 to 2. Score: R. H. E. San Francisco, 12 14 1; Oakland, 2 5 4. Batteries—Henley and La Longe; Dillar, Necker, Smith and Lewis.

Portland, Or., July 14.—Los Angeles defeated Portland today by a score of 6 to 5. Score: R. H. E. Los Angeles, 6 10 0; Portland, 5 8 1. Batteries—Gray and Hogan; Grancy, Whaling and Madden.

"AMERICA WILL WIN."

Wires Sullivan from London—Unexpected Victories Cause Rejoicing.

New York, July 15.—"In spite of all handicaps the Yankee team will win." This message received in New York from James H. Sullivan, American commissioner to the Olympic games at London, has done much to cheer up the athletes at the various athletic clubs, who feared that the method of drawing for places in heats in the various events would prove a great disadvantage to the Americans.

The victories of Melvin W. Sheppard, in the 150-meter race, and John W. Flanagan, in the hammer throw at the Olympic games, were enthusiastically received in athletic circles in this city. Both athletes are members of the Irish-American A. C. and the headquarters of the organization are in New York. The success of Sheppard was particularly well received, as the great miller was known to be pitted against the best distance runners in England, and it was almost conceded that the Britishers would win. Flanagan's victory was anticipated and repeated cheers from the members greeted the mention of either athlete's names.

Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength. Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nerve Cure cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I've given up to die by a leading doctor. Got one of Dr. Miles' Nerve Cure pills. From the very first dose I took I feel better. I am better now than I have been for years, and do all my own work on the farm. I wish Dr. Miles' Nerve Cure was done for me, and I am glad to recommend it to others."

W. J. James, Riverton, Nebr. Your druggist sells Dr. Miles' Nerve Cure, and we authorize him to return it to you if it fails to benefit you. Miles Medical Co., Elkhart, Ind.

TRANSPORTATION GREAT PHILIPPINES PROBLEM

San Francisco, July 15.—W. Cameron Forbes, a member of the Philippine commission, arrived here yesterday on the steamship Korea, accompanied by Jose Ruiz de Luzuriga, also a member of the commission. Both are on a six months' vacation. Speaking of conditions in the islands, Commissioner Forbes said:

"Transportation was the big problem that faced the commission when we landed here yesterday. By means of a subsidy we have built up an inter-island merchant marine of which we feel proud. The commission assists the private shipowners to the extent of \$100,000 a year. Waterways are rapidly being put into good shape.

"Railroad development is slow, but when the roads planned and in course of construction have been built, we will have opened up a wide stretch of territory. We are getting good roads gradually. We need them probably worse than anything else. "Irrigation will work wonders in the islands, and we are scheming a plan which will soon show results. The islands are in fine shape and the experiment of letting the people govern themselves has been a success as far as it has gone. In the matter of appropriations the native legislators showed unlooked for wisdom by voting the bulk of the money for public works."

THOMPSON MURDER.

Husband of Dead Woman Locked Up And Held as a Witness.

Chicago, July 15.—Edward Thompson, husband of Mrs. Frances Gilmore Thompson, the woman found strangled in her apartments at 1345 Michigan avenue recently, was locked up yesterday as a witness pending further investigation into the crime. His detention was a surprise to Thompson, who came to Chicago from Minneapolis Monday night without coercion. It resulted from a decision of Inspector Wheeler, who conceded that Thompson was not telling the whole truth. The inspector dispatched Detective Egan to Minneapolis, Minn., to check up on the man's statements. Thompson called upon Asst. Chief Schuetter and inquired into the details of the murder. He was referred to Inspector Wheeler. The inspector did not view the story related by Thompson in the same light as the assistant chief, who candidly states his belief that Thompson had no knowledge of the crime until he read about it in the newspapers.

PATENTS

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draughtsmen, Machinists, Superintendents and Foremen of Shops and Mills, Skilled Mechanics in all trades, Farmers and all others, in building up a patent system, that will give honest advice to investors, protect their interests by good patents and strong contracts; assist inventors in perfecting their inventions, and in selling their patents when obtained; and in all matters to render careful service and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practice for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with \$5, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the securing of patent, the cost and the manner of proceeding.
